United Association of Plumbers & Pipefitters Local 230

David C. Sommerville Jr. Scholarship Contest Rules & Instructions

Scholarships will be awarded to as many qualified applicants as the fund is capable of supporting each year, depending on the net income generated by the golf tournament and income derived from the endowment fund with the San Diego Foundation. All scholarships will be a minimum of $1,000.00 and must be used at an accredited US college or university. Applicants may use the scholarship monies during any undergraduate degree program and must attend full-time while carrying at least 12 credits. Applicants will be eligible to receive a maximum of two yearly scholarships from this fund.

Who May Apply:
Scholarships shall be awarded based on a descending order of preference to:

1. Sons and daughters of members of Local 230
2. Stepchildren of the member of Local 230
3. Grandchildren of members of Local 230
4. Any of the above, while attending a postgraduate degree program, in the same order.

The parent or grandparent member of Local 230 must be in good standing at the time of the scholarship award.

The applicants must be high school students graduating in the current year and planning on attending college, currently enrolled in college students, or meet the academic requirements for entrance into a US college. Students applying for scholarships must have achieved not less than a 2.5(C+) average in their high school grades or maintain the same average in their current college work.

Applications will be accepted between January 1st and March 31st of each year
Awarding scholarships:
Applicants will be given points based on the following criteria: academic honors (0-2), school activities (0-2), community service (0-2), application form (0-2), essay style (0-4), essay content (0-8) for a possible 20 points.

Additional separate scholarship award information may be requested to determine if additional points may be used to calculate the final scores. If applicants are receiving additional scholarship support, points will be awarded on a descending order based on the amounts of the additional scholarships as follows:

$0.00	to	$5,000.00	6 points	$15,001.00	to	$20,000.00	3 points
$5,001.00	to	$10,000.00	5 points	$20,001.00	to	$25,000.00	2 points
$10,001.00	to	$15,000.00	4 points	$25,001.00	and	over	0 points

The Local 230 Executive Board will request all supporting documentation and will be the sole judge on the awarding of scholarships based on points.

Scholarship winners will be announced at the May General Membership meeting.

Prepare a 1,000-word essay on the following subject: California is investing billions of dollars in clean-energy and industrial projects, including hydrogen production facilities, carbon capture systems, energy storage projects, and advanced water treatment plants. These projects are critical to meeting the stateôs climate goals, creating new jobs, and ensuring a reliable energy and water supply for the future.

A key priority is making sure that these investments utilize a skilled and trained workforce. Requiring workers who have completed certified apprenticeship programs improves safety, ensures quality, and supports long-term career opportunities in the trades.

How can California ensure that clean-energy and industrial infrastructure projects are built with a skilled and trained workforce? In your answer, discuss the benefits of using certified apprenticeship graduates and the long-term impacts on California's economy, environment, and workforce.
